

EPIC ABILITY

A Dynamic new 3screens.com program for Grades 6-12

Some of us have epic talent or intelligence,
but *all of us* have the ability to do things that are “epic”.

THERE ARE SOME INCREDIBLY IMPORTANT “ABILITIES” THAT CAN GUARANTEE A GREAT LIFE:

POSSIBILITY	Nothing that is really essential is impossible for you!
ACCOUNTABILITY	Hiding your mistakes or weakness limits your progress.
RESPONSIBILITY	It is our responsibility to look out for each other.
ADAPTABILITY	We never have to remain subject to what others do.
INVINCIBILITY	Our bodies are not invincible to many dangers, but we can choose never to let our spirits be crushed!

Subjects and featured stories will include:

BULLYING ♦ SOCIAL MEDIA SANITY ♦ DRUGS & ALCOHOL ♦ DRIVER SAFETY

Two competing wrestlers who show that winning is not always about personal glory. One wins state to honor his cancer-stricken father, and the “loser” honors the father too!

Two teens on bicycles who chase down a child predator in his van and return a five-year-old to her mother child. You can do more than you might think possible!

Kids who faithfully make and serve breakfast burritos to the homeless every week.

And yes, there are powerful lessons learned from some tragic choices as well.
